Scan to Know More

In today's data-driven landscape, Acuvate and Kongsberg have joined forces to deliver unparalleled solutions that enable organizations to harness the full potential of their data. By combining Acuvate's comprehensive System Integration, data services with Kongsberg's advanced Kognitwin Digital Twin technology, we provide end-to-end capabilities tailored for industries like energy, manufacturing, and beyond.

Our Shared Vision

Our partnership is dedicated to modernizing, optimizing, and transforming businesses through innovative digital solutions. By seamlessly integrating Kongsberg's Kognitwin Digital Twin platform with Acuvate's robust data ecosystem, we empower organizations to achieve real-time execution of business workflows, driving efficiency and agility.

COMPREHENSIVE SERVICE OFFERINGS

End-to-End Data Services

- Collect data from a wide array of devices (sensors, cameras, apps) for processing.
- Supporting Edge solutions for (near) realtime decision making.
- Leverage edge computing for time-critical applications and high-volume data processing.
- Derive actionable insights using advanced AI techniques (ML, MV, Gen-AI) from structured and unstructured data.
- Integrating partner solutions for end-to-end connectivity; Edge solutions; Satellite connectivity; etc.

Kognitwin Digital Twin Integration

- Acuvate delivers end to end integration with Kognitwin with Project Management and Lead Technical staff in your region backed up by technical implementation staff from our Technology Center.
- Kongsberg's Kognitwin technology enables enhanced product development, innovation, and maintenance.
- Effortless integration with ACUPRISM - Acuvate's scalable Enterprise Industrial Data Platform for improved operational efficiency.

Scalable Enterprise Industrial Data Platform

- Designed to handle the exponential growth of data across industries.
- Supports essential file types, including time-series data, with direct integration as part of DataOps.
- Fully embedded with AI capabilities including AI – Machine Learning, AI-Machine Vision & Gen-AI for data-driven decision-making.

Generative AI Solutions

- Acuvate's Org Brain (Gen-AI) framework accelerates the deployment of centralized Generative AI platforms.
- Supports a wide range of data types and multi-lingual capabilities, ensuring accessibility across diverse user groups.

BENEFITS OF OUR PARTNERSHIP

Comprehensive Support

From initial consultation to ongoing (SLA based) operational support, we ensure a smooth implementation process.

Cost Efficiency

Leveraging innovative technologies to minimize development and maintenance costs, while staying current with the latest advancements.

Continuous Improvement

Iterative enhancements based on user feedback, maintaining relevance and operational efficiency.

Data Security & Compliance

Robust governance frameworks to protect data integrity and ensure compliance with industry standards.

Advanced Filters

Customizable filters allow users to refine their search criteria, ensuring precise results.

Unlock Your Data's Potential: Acuvate and Kongsberg are committed to empowering your organization with cutting-edge technologies. Together, we provide the tools and expertise needed to transform your operations and drive strategic goals with confidence.

Schedule a call with our advisers:

Consulting, Migration & Modernization

AI & Automation
Advanced AI and automation suite to revolutionize businesses, prioritizing efficiency and innovation

Data & Analytics
Transformative enterprise suite offers advanced services, optimizing data for informed decision-making

Modern Workplace
Redefine work environments with diverse services and tools, implementing innovative models aligned to business goals

Solution Readiness
- 75 ready to deploy solutions
- 100+ UI formats to choose from
- 100+ reusable components to expedite delivery

Optimized Engagement Models
- Onsite Offshore model
- Offshore based support
- Share Services Options

Experienced in Large Enterprise Projects
- Delivered critical projects for customers like Shell, Suntory, New York City Departments, Kimberley Clarke, Niagara Bottling and many more

Integration Experts
- Microsoft Gold Certified Partners
- Member of Microsoft Partner Advisory Council
- Expertise in Coupa, Salesforce, Ariba, ServiceNow, Teams, Workday, Office 365 etc..
